Smart Grid Interoperability Panel

March 11, 2010

Bylaw Voting Opens Today

Based upon your feedback and the initial operating of the SGIP, the Bylaws and Operating Procedures Working Group (BOPWG) with the endorsement of the Governing Board has a proposed slate of Bylaw changes for SGIP Charter. You can find the proposed Bylaws changes by clicking here.

All Voting Representatives are required to vote in this election.

Voting is now open and closes March 16th at 6p.m. EST.
To cast your votes now, click here.

If you have any further questions or issues, please do not hesitate to contact the SGIP Administrator at this email address.

Remote Attending of March Meeting

All SGIP meetings are open to the public and each session of next week's March meeting in Washington, DC will be accessible by web and phone. To register, simply visit the meeting "Agenda," click on a session of interest and then follow the link "To attend this session remotely..."

You can find the meeting agenda by clicking here.

Best Regards,
Steve Widergren, SGIP Plenary Chair
and the SGIP Administrator Team

Join the Conversation

The OSTP with NIST has launched a public forum to solicit views on questions pertaining to the consumer interface to the nation's evolving "smart" electric power grid. This week's topic pertains to standards for exchanging information between home appliances and the grid. How are low-income consumers best served by home-to-grid technology? If gateways or adapters are needed, who should pay for them: the utility or the consumer?
