Tomorrow, an email regarding voting procedures will be sent to those SGIP Voting Representatives that are eligible to vote. ***Note: If you voted in November 2009 in another stakeholder category you are ineligible to vote.***

New Members

New membership applications are still being taken. Those that submit Participating Member Organization Membership Agreements by 5p.m. EST on January 13, 2010 and declare one of these four categories on their form, will be allowed to vote as well.

Only organizations truly associated with these open categories should declare against them. Once you have declared your stakeholder category, that information will be posted publicly on the SGIP site and changing your stakeholder category in the future will require a decision from the SGIP Governing Board on how that process will work. This policy is in place to reduce/eliminate "gaming" of the SGIP voting system. Information is located here on the Twiki.
