

NIST Cloud Computing Security Workgroup (NCC-SWG) Kick off Meeting Minutes

Time: 03/30/2011 2:00-3:00 PM EST

Online at http://webconf.soaphub.org/conf/room/cc_security

Threads of discussions

1. Fred rephrased the two objectives for the NCC-SWG
 - Gather input from all stakeholders (both within USG and Industry) regarding security concerns in Cloud Computing Services
 - Define/Formulate roadmap for development of security guidance (based on standards and best practices) for ensuring implementation of appropriate security controls (and their monitoring) in the cloud computing services adopted by USG agencies.
2. The meeting went over the agenda for the April 7th NIST Cloud Computing Workshop.
3. Federal CIOs meeting discussed the security concerns for Cloud Computing
 - Mouli will give Fred a document (draft) of top 20 Security Concerns for Cloud Computing.
4. Mouli went over the title & scope of the NIST CC SWG Deliverables.
5. Jian Mao went over the Strawman Model v.2.2.
6. Lee Badger went over the cloud computing deploy models.
