“Phase Relationships in the Standardization Process”
James Gosling, August, 1990

\[ T_a = \text{Technical Activity} \quad P_a = \text{Political Activity} \]
Phase Relationships in the Standardization Process

\[ K = \text{Knowledge} \left( \int T_a \right) \quad C = \text{Calcification} \left( \int P_a \right) \]

\[ S_s = \text{Sensibility of Standardization} \]
Phase Relationships in the Standardization Process

K = Knowledge

C = Calcification

$S_s = \text{Sensibility of Standardization}$
Phase Relationships in the Standardization Process

K = Knowledge

C = Calcification

S = Sensibility of Standardization
