

October 7, 2011 NIST Smart Grid Privacy Subgroup Meeting Notes

Minutes by Tanya Brewer

Please send this distribution list any necessary corrections or additions.

Next full group teleconference meeting:

Friday October 21, 2011 at 11:00am edt

Rebecca is traveling today, so Tanya ran the call.

Here are my summary notes from the meeting:

1. Past meeting notes

- See <http://collaborate.nist.gov/twiki-sggrid/bin/view/SmartGrid/CSCTGPrivacy>

2. Team Updates

a. Third Party Team: Brent Struthers (team lead)

- Brent: Gave a brief update on the 3rd Party Data Access Team.
- The team has started making some solid progress with their best practices.
- They are doing a comparison between the NAESB REQ 22 (Model Business Practices for Sharing Smart-Meter Based Information) document, the California PUC ruling, and the ASAP SG's 3rd Party Data Access Security Profile document.
- This comparison will net the team what they want to include in their document.
- They are going to be meeting twice weekly for a while to keep the momentum going on the document. (Mondays, 2 - 3pm Eastern; Thursdays 11 - noon Eastern)

b. Privacy Use Cases Team: Christine Hertzog (team lead)

- Christine: Gave a brief update on the Use Cases team.
- They are in their second review of their material.
- They plan on doing one more pass after this one before giving the material to the whole group for consideration.
- This team is meeting on Thursdays at 10am Eastern.

c. PEV Team: Mike Coop (team lead)

- Mike Coop was not on the call to give an update on PEV Privacy.
- Chris Kotting said he had not heard anything from Mike about it.
- Tanya will follow up with Mike.

d. NSTIC Team: Krystina Schaefer/Amanda Stallings (team leads)

- The NSTIC team is still on hiatus.
- The NIST NSTIC folks are hosting a co-located meeting this month in Mountainview, California.

- No other news or developments was known.

e. Training and Awareness Team: Rebecca Herold (team lead)

- Tanya: sent the slides from the Training & Awareness team to the group this morning.
- There are 10 slides in the set. Please note that the speaker's notes for the slides are important to the overall presentation.
- Rebecca will be following up with some questions for people to consider with regards to these slides.

2. Miscellaneous

- a. Please be considering attending the CSWG face-to-face set for April 25 - 26, 2012. Yes, it is early, but please keep it on your possible list of events for the spring. We will be finalizing our changes / updates to NISTIR 7628 at that meeting.
- b. If anyone knows of a guest speaker they would like to hear from, or has a topic they would like to have a speaker discuss with the group, please let Rebecca know. It is definitely possible to get guest speakers for our meetings.
- c. No further comments or questions were made, so the meeting adjourned at approximately 11:25am.
- d. *Meetings are every other Friday***
- e. Next full group meeting will be Friday, October 21

Thanks,

Tanya
