**Subject:** CSWG Architecture minutes from 20120216

CSWG Architecture twiki: <http://collaborate.nist.gov/twiki-sggrid/bin/view/SmartGrid/CsCTGArchi>  
Chair: Sandy Bacik ([sandy.bacik@enernex.com](mailto:sandy.bacik@enernex.com))

20120216 Minutes

### 1. Current Tasks

- a. To catch everyone up on our consensus work, a summary pdf of the conceptual security architecture work can be found here: [https://collaborate.nist.gov/twiki-sggrid/pub/SmartGrid/CsCTGArchi/Conceptual\\_Security\\_Architecture\\_-\\_Consensus\\_Progress.pdf](https://collaborate.nist.gov/twiki-sggrid/pub/SmartGrid/CsCTGArchi/Conceptual_Security_Architecture_-_Consensus_Progress.pdf).
- b. We continue to refine the conceptual security architecture chapter outline. ([https://collaborate.nist.gov/twiki-sggrid/pub/SmartGrid/CsCTGArchi/NISTIR7628\\_Conceptual\\_Security\\_Architecture\\_Chapter\\_Outline.doc](https://collaborate.nist.gov/twiki-sggrid/pub/SmartGrid/CsCTGArchi/NISTIR7628_Conceptual_Security_Architecture_Chapter_Outline.doc))
- c. Using the services spreadsheet ([https://collaborate.nist.gov/twiki-sggrid/pub/SmartGrid/CsCTGArchi/Security\\_Services-And-MessageList-v0p6.xls](https://collaborate.nist.gov/twiki-sggrid/pub/SmartGrid/CsCTGArchi/Security_Services-And-MessageList-v0p6.xls)), we accomplished the following:
  - i. The message definitions / explanations need refinement.
  - ii. We had consensus on assignment a baseline C-I-A value to each message type:
    1. Acknowledgement: L-M-L
    2. Alarm: M-M-H
    3. Alert: M-M-M
    4. Audit: M-H-L
    5. Command: L-H-H
    6. Contract: H-H-L
    7. Error: L-H-M
    8. Forecast: M-M-M
    9. Identification: M-H-M
    10. Notification: L-M-L
    11. Plan: M-H-M
    12. Policies: M-H-L
    13. Product: L-M-M
    14. Qualification: L-M-M
    15. Query: L-M-L
    16. Resources: M-H-L
    17. Response: M-M-M
    18. Schedule: L-M-M
    19. Setting: L-H-H
    20. Status: L-M-L
    21. Time: L-H-H
    22. Usage Information: M-H-M
    23. Work Order: L-M-M

### 2. Open Items.

- a. CSWG F2F, April 25 – 26, Sterling, VA at the Neustar headquarters in Sterling, VA. The first day will be from 8:30 to 5:00, and the second day will be from 8:30 to 1:00. We will be reviewing the NISTIR 7628 chapter 2 updates and the new conceptual security architecture chapter.

### 3. Attendees

- a. Elizabeth Sisley

- b. Frances Cleveland
- c. Neil Greenfield
- d. Sandy Bacik

Regards,

**Sandy Bacik**, CISSP, CISM, ISSMP, CGEIT

*Principal Consultant*
