SGIP – IMC 61850 SubGroup Call

April 15, 2013

Attendance:

Bruce Muschlitz
Eric Winkler
Jeremy Laundergan
Juergen Holbach
Kostas Tolios
Thomas Hurley
Tony Thomas
William Cloutier
Paul Myrda

Meeting Notes:

1. Juergen Holbach (Chair of H5) presented on the IEEE PSRC work titled “Common Format for IED Configuration Data”.

2. There was a discussion on direction of the IMC-61850. In summary the direction of the group is to develop and provide information to users of 61850 and provide lessons learned and training information to the group.

3. Topic for the next meeting will be another utility implementation presentation (to be determined) or on the relationship of the various supporting working group organizations for IEC 61850

4. Lastly, it was recommended that we include vendors that assist utilities with IEC 61850 implementation to the roster of potential presenters.
