Elections Observation Rights and Responsibilities – October 2014

Overview

The following is an easy-to-use overview for elections officials and anyone who wants to observe the conduct of elections in California. This overview does not have the force and effect of law, regulation or rule, may not be used as legal advice, and is not a substitute for legal counsel for an individual or organization. The California Elections Code sections relevant to election observation are included for reference. Some of the rules included below were drawn from the Secretary of State's General Rules for Observers as established in the Election Observer Panel Plan Template.

Elections observers should be aware that in general, the law provides elections officials with some discretion in terms of how various observation laws are applied. Furthermore, how a law is applied will vary from jurisdiction to jurisdiction for reasons including, but not limited to:

- ❑ The size and configuration of the elections office.
- ❑ The staffing levels that the county elections official is able to afford.
- ❑ The number of observers who are requesting access to a particular process.

Observers have the right to:

- Observe pre-Election Day activities, as permitted by law, such as voting equipment preparation and testing and vote-by-mail ballot processing.
- Observe the proceedings at the polls, including the opening and closing procedures.
- Obtain information from the precinct index that is posted near the entrance of the polling place.
- Make notes and watch election procedures.
- View election-related activities at the central counting site on Election Day.
- View the canvass of the vote activities following the election.
- View vote-by-mail and provisional ballot processing.
- Ask questions of poll workers as long as they do not interfere with the conduct of any part of the voting process.
- Ask questions of supervisors at the central counting site as long as they do not interfere with the conduct of the election procedures.

Elections officials have the right to:

- Use discretion in determining a sufficiently close distance for observers to stand from the process they want to observe.
- Require observers to be quiet inside the observation area.
- Use discretion to determine how (e.g., written or verbal) and to whom observers may pose questions and challenges during the observation process.
- Ask an observer who does not follow observation rules to leave the premises.
- Restrict the number of observers permitted in a room to prevent interference with the observed process.

Elections Observation Rights and Responsibilities – October 2014

- Restrict the items observers may bring with them into the polling place or central counting site, such as cell phones, large bags, or back packs, etc.

Observers are responsible for:

- Checking in at each site, whether the polling place or central counting site.
- Wearing an identification badge.
- Maintaining a professional manner while observing the election process.
- Ensuring they do not interfere with the election process.
- Following established county observation rules/policies.

Elections officials are responsible for:

- Maintaining the integrity of the administration of the election and determining observer misconduct or interference.
- Establishing security rules for public observation. Examples of such rules are the use of sign-in sheets and identification badges and prohibiting the use of cell phones, pagers, cameras, and other audio or video equipment or electronic devices.
- Providing notice to the public of the dates, times, and places of election-related activities that may be observed by the public, as required by law. For example, elections officials are required to provide 48 hours notice for vote-by-mail (VBM) ballot processing and five days notice of the post-election one percent manual tally.

Observers may not:

- Interfere with the conduct of the election. The elections official is entitled to determine whether a person is interfering with the conduct of the election.
- Physically handle any voting materials or equipment without the express permission of the elections official.
- Move or rearrange tables, chairs, or voting booths at the polling place or central counting facility.
- Sit at the official worktables or view confidential voter information on any computer terminal or document.
- Communicate with voters within 100 feet of the entrance to, or inside of, a polling place by encouraging them to vote for or against a person or a measure or regarding the voter's qualifications to vote. Exit polling of voters is permitted, provided it is conducted at least 25 feet away from the entrance to the polling place.
- Directly challenge a voter. Only a member of a precinct board may do so, based on evidence presented.
- Display any campaign material or wear campaign badges, buttons or apparel.
- Wear the uniform of a peace officer, a private guard, or security personnel.
- Use cellular phones, pagers, or two-way radios inside the polling place and/or within 100 feet of the entrance to the polling place.

Elections Observation Rights and Responsibilities – October 2014

- Talk to or attempt to stop poll workers or the central counting site workers while they are processing ballots.
- Use the telephones, computers, or other polling place facilities at polling places or the central counting site.
- Touch election personnel.
- Eat or drink in the polls or the central counting site.
- Assist in operations at any polling place or the central counting site.
- Prevent other observers from observing materials or a process.
- Enter secure areas without express permission of the elections official.

Elections officials may not:

- Delay or interrupt scheduled operations and processes because an observer is present.

Elections Observation Rights and Responsibilities – October 2014

Pre-Election Day

Voting Equipment Preparation and Testing

Elections Code section 15004

(a) Each qualified political party may employ, and may have present at the central counting place or places, not more than two representatives to check and review the preparation and operation of the tabulating devices, their programming and testing, and have the representatives in attendance at any or all phases of the election.

(b) Any bona fide association of citizens or a media organization may employ, and may have present at the central counting place or places, not more than two representatives to check and review the preparation and operation of the tabulating devices, their programming and testing, and have the representatives in attendance at any or all phases of the election.

(c) The county elections official may limit the total number of representatives employed pursuant to subdivision (b) in attendance to no more than 10 by a manner in which each interested bona fide association of citizens or media organization has an equal opportunity to participate. Any representatives employed and in attendance pursuant to subdivision (a) shall not be subject to the limit specified in this subdivision.

Vote-by-Mail Ballot Processing

Elections Code section 15104

(a) The processing of vote by mail ballot return envelopes, and the processing and counting of vote by mail ballots, shall be open to the public, both prior to and after the election.

(b) A member of the county grand jury, and at least one member each of the Republican county central committee, the Democratic county central committee, and of any other party with a candidate on the ballot, and any other interested organization, shall be permitted to observe and challenge the manner in which the vote by mail ballots are handled, from the processing of vote by mail ballot return envelopes through the counting and disposition of the ballots.

(c) The elections official shall notify vote by mail voter observers and the public at least 48 hours in advance of the dates, times, and places where vote by mail ballots will be processed and counted.

(d) Notwithstanding paragraph (2) of subdivision (b) of Section 2194, vote by mail voter observers shall be allowed sufficiently close access to enable them to observe the vote by mail ballot return envelopes and the signatures thereon and challenge whether those individuals handling vote by mail ballots are following established procedures, including all of the following:

- (1) Verifying signatures and addresses on the vote by mail ballot return envelopes by comparing them to voter registration information.
- (2) Duplicating accurately damaged or defective ballots.
- (3) Securing vote by mail ballots to prevent tampering with them before they are counted on election day.

(e) A vote by mail voter observer shall not interfere with the orderly processing of vote by mail ballot return envelopes or the processing and counting of vote by mail ballots, including the touching or handling of the ballots.

Elections Observation Rights and Responsibilities – October 2014

Elections Code section 15105

Prior to processing and opening the identification envelopes of vote by mail voters, the elections official shall make available a list of vote by mail voters for public inspection, from which challenges may be presented. Challenges may be made for the same reasons as those made against a voter voting at a polling place. In addition, a challenge may be entered on the grounds that the ballot was not received within the time provided by this code or that a person is imprisoned for a conviction of a felony. All challenges shall be made prior to the opening of the identification envelope of the challenged vote by mail voter.

Elections Code section 15106

Except as otherwise provided, the processing of vote by mail ballot return envelopes, the processing and counting of vote by mail ballots, and the disposition of challenges of vote by mail ballots shall be according to the laws now in force pertaining to the election for which they are cast. Because the voter is not present, the challenger shall have the burden of establishing extraordinary proof of the validity of the challenge at the time the challenge is made.

Elections Code section 3203

(a) Upon receipt of an application for permanent vote by mail status, the county elections official shall process the application in the same manner as an application for a vote by mail ballot, or, in the case of an application made pursuant to Section 3102, in the same manner as an application for a special absent voter ballot or overseas ballot.

(b) In addition to processing applications in accordance with Chapter 1 (commencing with Section 3000), if it is determined that the applicant is a registered voter, the county elections official shall do the following:

- (1) Place the voter's name upon a list of those to whom a vote by mail ballot is sent each time there is an election within their precinct.
- (2) Include in all vote by mail mailings to the voter an explanation of the vote by mail procedure and an explanation of Section 3206.
- (3) Maintain a copy of the vote by mail ballot list on file open to public inspection for election and governmental purposes.

However, if persistent questioning disrupts the execution of their duties, the board or election officials may discontinue responding to questions.

(10) You have the right to report any illegal or fraudulent activity to a local elections official or to the Secretary of State's office.

(b) Beneath the Voter Bill of Rights there shall be listed a toll-free telephone number to call if a person has been denied a voting right or to report election fraud or misconduct.

(d) The Voter Bill of Rights set forth in subdivisions (a) and (b) shall be made available to the public before each election and on Election Day, at a minimum, as follows:

(1) The Voter Bill of Rights shall be printed in the statewide voter pamphlet, pursuant to Section 9084, in a minimum of 12-point type. Subparagraph (B) of paragraph (1) of subdivision (a), subparagraph (B) of paragraph (5) of subdivision (a), and subparagraph (B) of paragraph (9) of subdivision (a) may be printed in a smaller point type than the rest of the Voter Bill of Rights.

Elections Code section 14215

Before receiving any ballots, the precinct board, in the presence of any persons assembled at the polling place, shall open and exhibit and close the ballot container or containers. Thereafter, the ballot container or containers shall not be removed from the polling place or presence of the bystanders until all the ballots are counted, nor opened until after the polls are finally closed.

Elections Observation Rights and Responsibilities – October 2014

Elections Code section 14221

Only voters engaged in receiving, preparing, or depositing their ballots and persons authorized by the precinct board to keep order and enforce the law may be permitted to be within the voting booth area before the closing of the polls.

Elections Code section 14222

Nothing contained in this code shall prevent a voter from being accompanied by a child or children under the age of 18 years while the voter is within the voting booth area if the child is, or children are, under the voter's care.

Elections Code section 14223

(a) Only members of the precinct board, and persons while signing their names on the roster, shall be permitted, during the hours within which voting is in progress, to sit at the desk or table used by the precinct board.

(b) Any person may inspect the roster while voting is in progress and while votes are being counted. However, this shall not be done at a time or in a manner which will impede, interfere, or interrupt the normal process of voting.

Elections Code section 14224

(a) Except as provided in Section 14222, a voting booth or compartment shall not be occupied by more than one person at a time, unless the voter is eligible under the assisted-voter provisions.

(b) (1) Except as provided in paragraph (2), a voter shall not remain in or occupy a voting booth or compartment longer than is necessary to mark his or her ballot, which shall not exceed 10 minutes.

(2) If a voter informs a precinct board member that the voter requires additional time to mark his or her ballot, a longer period shall be allowed. However, if the precinct board member determines that the voter is attempting to interfere with the conduct of the election and does not require additional time to mark his or her ballot, the precinct board member may contact the elections official, who may order that the voter not be provided with additional time to mark his or her ballot.

Elections Code section 14227

Any member of the precinct board, when using a language other than English at the polls, shall communicate with voters in that language only as he or she would be lawfully permitted to communicate in English under the code. The member shall be subject to like penalty for any illegal communication as if it had occurred in English.

Elections Code section 14281

On receiving a ballot, the voter shall forthwith retire alone to one of the booths or compartments provided, and mark the ballot, unless Section 14222 or 14224 is applicable.

Elections Code section 14282

Elections Observation Rights and Responsibilities – October 2014

persons selected by the voter, other than the voter's employer, an agent of the voter's employer, or an officer or agent of the union of which the voter is a member.

(b) No person assisting a voter shall divulge any information regarding the marking of the ballot.

(c) In those polling places that are inaccessible under the guidelines promulgated by the Secretary of State for accessibility by the physically handicapped, a physically handicapped person may appear outside the polling place and vote a regular ballot. The person may vote the ballot in a place that is as near as possible to the polling place and that is accessible to the physically handicapped. A precinct board member shall take a regular ballot to that person, qualify that person to vote, and return the voted ballot to the polling place. In those precincts in which it is impractical to vote a regular ballot outside the polling place, vote by mail ballots shall be provided in sufficient numbers to accommodate physically handicapped persons who present themselves on election day. The vote by mail ballot shall be presented to and voted by a physically handicapped person in the same manner as a regular ballot may be voted by that person outside the polling place.

Conducting a Challenge at the Polls

Elections Code section 14240

(b) On the day of the election no person, other than a member of a precinct board or other official responsible for the conduct of the election, shall challenge or question any voter concerning the voter's qualifications to vote.

(c) If any member of a precinct board receives, by mail or otherwise, any document or list concerning the residence or other voting qualifications of any person or persons, with the express or implied suggestion, request, or demand that the person or persons be challenged, the board member shall first determine whether the document or list contains or is accompanied by evidence constituting probable cause to justify or substantiate a challenge. In any case, before making any use whatever of such a list or document, the member of the precinct board shall immediately contact the elections official, charged with the duty of conducting the election, and describe the contents of the document or list and the evidence, if any, received bearing on voting qualifications. The elections official shall advise the members of the precinct board as to the sufficiency of probable cause for instituting and substantiating the challenge and as to the law as herein provided, relating to hearings and procedures for challenges by members of the precinct board and determination thereof by a precinct board. The elections official may, if necessary, designate a deputy to receive and answer inquiries from precinct board members as herein provided.

Elections Observation Rights and Responsibilities – October 2014

Elections Code section 14241

A piece of mailed matter returned undelivered by the post office shall not be accepted or used as evidence upon which to initiate a challenge as to residency by any member of the precinct board unless other evidence or testimony is also presented, nor shall the mailed matter, standing alone without other evidence or testimony, be accepted as evidence by the precinct board in determining a challenge.

Elections Code section 14242

The ground for challenge set forth in paragraph (2) of subdivision (a) of Section 14240 shall not apply to any person duly registered as a voter in any precinct in California and moving from that precinct within 14 days prior to an election.

Elections Code section 14245

If the challenge is on the ground that the person challenged has already cast a ballot for this election, a member of the precinct board shall tender to the person challenged this oath: "You do swear (or affirm) that you have not previously voted in this election, either by vote by mail ballot or at a polling place."

Elections Code section 14246

If the challenge is on the ground either that the person challenged is not the person whose name appears on the index, or that he or she has voted that day, the challenge shall be determined in favor of the person challenged if that person takes the oath as set forth either in Section 14243 or 14245.

Elections Code section 14247

Challenges of voters that they are not residents of the precinct or citizens of the United States shall be tried and determined by the precinct board at the time of the challenge. The precinct board may, at its discretion, also request any other person, present in the polling place to be sworn and answer questions, whom the board believes may have knowledge or information concerning the facts of the challenge.

Elections Code section 14248

Any doubt in the interpretation of the law shall be resolved in favor of the challenged voter.

Elections Code section 14252

The precinct board shall compile a list showing all of the following:

- (a) The name and address of each person challenged.
- (b) The name, address, and any other identification as a voter, of each person offering information concerning any person's qualifications to vote, or testifying pursuant to Section 14247, together with the name and address and any other identification of the person about whom the information or testimony is given.
- (c) The grounds of each challenge.
- (d) The determination of the board upon the challenge, together with any written evidence pertaining thereto.
- (e) If evidence has been presented to the board requesting challenges, the evidence shall be returned to the elections official responsible for the conduct of the election.

Elections Code section 14253

In the event that the precinct board determines that persistent challenging of voters is resulting in a delay of voting sufficient to cause voters to forego voting because of insufficient time or for fear of unwarranted intimidation, the board shall discontinue all challenges, and so note on the roster.

If the procedure in subdivision (c) of Section 14403 is used, the tamperproof seal shall be signed by the elections official and at least one deputy or assistant elections official or registrar. Alternatively, the elections official may, immediately upon the arrival of the hour when the polls are closed, recycle for any other lawful purpose any unused ballots remaining in the control of the elections official that clearly identify the election for which they were prepared. No later than 30 days following the last day to certify the official results of the election, the elections official shall make and file an affidavit, in writing, as to the number of ballots recycled. Elections Code section 353.5

The "semifinal official canvass" is the public process of collecting, processing, and tallying ballots and, for state or statewide elections, reporting results to the Secretary of State on election night. Elections Code section 15201

The canvass shall commence no later than the Thursday following the election, shall be open to the public, and, for state or statewide elections, shall result in a report of results to the Secretary of State. The canvass shall be continued daily, Saturdays, Sundays, and holidays excepted, for not less than six hours each day until completed.

Vote-by-Mail Ballot Counting

Elections Code section 15104

(a) The processing of vote by mail ballot return envelopes, and the processing and counting of vote by mail ballots, shall be open to the public, both prior to and after the election.

(b) A member of the county grand jury, and at least one member each of the Republican county central committee, the Democratic county central committee, and of any other party with a candidate on the ballot, and any other interested organization, shall be permitted to observe and challenge the manner in which the vote by mail ballots are handled, from the processing of vote by mail ballot return envelopes through the counting and disposition of the ballots.

(c) The elections official shall notify vote by mail voter observers and the public at least 48 hours in advance of the dates, times, and places where vote by mail ballots will be processed and counted.

(d) Notwithstanding paragraph (2) of subdivision (b) of Section 2194, vote by mail voter observers shall be allowed sufficiently close access to enable them to observe the vote by mail ballot return envelopes and the signatures thereon and challenge whether those individuals handling vote by mail ballots are following established procedures, including all of the following:

- (1) Verifying signatures and addresses on the vote by mail ballot return envelopes by comparing them to voter registration information.
- (2) Duplicating accurately damaged or defective ballots.
- (3) Securing vote by mail ballots to prevent tampering with them before they are counted on election day.

Elections Observation Rights and Responsibilities – October 2014

Elections Code section 15105

Prior to processing and opening the identification envelopes of vote by mail voters, the elections official shall make available a list of vote by mail voters for public inspection, from which challenges may be presented. Challenges may be made for the same reasons as those made against a voter voting at a polling place. In addition, a challenge may be entered on the grounds that the ballot was not received within the time provided by this code or that a person is imprisoned for a conviction of a felony. All challenges shall be made prior to the opening of the identification envelope of the challenged vote by mail voter.

Elections Code section 15106

Except as otherwise provided, the processing of vote by mail ballot return envelopes, the processing and counting of vote by mail ballots, and the disposition of challenges of vote by mail ballots shall be according to the laws now in force pertaining to the election for which they are cast. Because the voter is not present, the challenger shall have the burden of establishing extraordinary proof of the validity of the challenge at the time the challenge is made.

Elections Code section 15109

Except as otherwise provided in this chapter, the counting and canvassing of vote by mail ballots shall be conducted in the same manner and under the same regulations as used for ballots cast in a precinct polling place.

Elections Code section 3019

(a) Upon receipt of a vote by mail ballot, the elections official shall compare the signature on the identification envelope with either of the following to determine whether the signatures compare:

(1) The signature appearing on the voter's affidavit of registration or any previous affidavit of registration of the voter.

(2) The signature appearing on a form issued by an elections official that contains the voter's signature, that is part of the voter's registration record, and that the elections official has determined compares with the signature on the voter's affidavit of registration or any previous affidavit of registration of the voter. The elections official may make this determination by reviewing a series of signatures appearing on official forms in the voter's registration record that have been determined to compare, that demonstrates the progression of the voter's signature, and makes evident that the signature on the identification envelope is that of the voter.

(b) In comparing signatures pursuant to subdivision (a), the elections official may use the duplicate file of affidavits of registered voters or facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with the law.

(c) (1) If upon conducting the comparison of signatures pursuant to subdivision (a) the elections official determines that the signatures compare, he or she shall deposit the ballot, still in the identification envelope, in a ballot container in his or her office.

(2) If upon conducting the comparison of signatures pursuant to subdivision (a) the elections official determines that the signatures do not compare, the identification envelope shall not be opened and the ballot shall not be counted. The cause of the rejection shall be written on the face of the identification envelope.

Elections Observation Rights and Responsibilities – October 2014

(d) The variation of a signature caused by the substitution of initials for the first or middle name, or both, shall not be grounds for the elections official to determine that the signatures do not compare.

(e) A ballot shall not be removed from its identification envelope until the time for processing ballots. A ballot shall not be rejected for cause after the identification envelope has been opened.

Provisional Ballot Process

Elections Code section 14310(d)

The Secretary of State shall establish a free access system that any voter who casts a provisional ballot may access to discover whether the voter's provisional ballot was counted and, if not, the reason why it was not counted.

One Percent Manual Tally

Elections Code section 336.5

"One percent manual tally" is the public process of manually tallying votes in 1 percent of the precincts, selected at random by the elections official, and in one precinct for each race not included in the randomly selected precincts. This procedure is conducted during the official canvass to verify the accuracy of the automated count.

Elections Code section 15360

(a) During the official canvass of every election in which a voting system is used, the official conducting the election shall conduct a public manual tally of the ballots tabulated by those

devices, including vote by mail ballots, using either of the following methods:

(1) (A) A public manual tally of the ballots, including vote by mail ballots, cast in 1 percent of the precincts chosen at random by the elections official. If 1 percent of the precincts is less than one whole precinct, the tally shall be conducted in one precinct chosen at random by the elections official.

(B) (i) In addition to the 1 percent manual tally, the elections official shall, for each race not included in the initial group of precincts, count one additional precinct. The manual tally shall apply only to the race not previously counted.

(ii) Additional precincts for the manual tally may be selected at the discretion of the elections official.

(2) A two-part public manual tally, which includes both of the following:

(A) A public manual tally of the ballots, not including vote by mail ballots, cast in 1 percent of the precincts chosen at random by the elections official and conducted pursuant to paragraph (1).

(B) (i) A public manual tally of not less than 1 percent of the vote by mail ballots cast in the election. Batches of vote by mail ballots shall be chosen at random by the elections official.

(ii) For the purposes of this section, a "batch" means a set of ballots tabulated by the voting system devices, for which the voting system can produce a report of the votes cast.

(iii) (l) In addition to the 1 percent manual tally of the vote by mail ballots, the elections official shall, for each race not included in the initial 1 percent

Elections Observation Rights and Responsibilities – October 2014

manual tally of vote by mail ballots, count one additional batch of vote by mail ballots. The manual tally shall apply only to the race not previously counted.

(II) Additional batches for the manual tally may be selected at the discretion of the elections official.

(b) If vote by mail ballots are cast on a direct recording electronic voting system at the office of an elections official or at a satellite location of the office of an elections official pursuant to Section 3018, the official conducting the election shall either include those ballots in the manual tally conducted pursuant to paragraph (1) or (2) of subdivision (a) or conduct a public manual tally of those ballots cast on no fewer than 1 percent of all the direct recording electronic voting machines used in that election chosen at random by the elections official.

(c) The elections official shall use either a random number generator or other method specified in regulations that shall be adopted by the Secretary of State to randomly choose the initial precincts, batches of vote by mail ballots, or direct recording electronic voting machines subject to the public manual tally.

(d) The manual tally shall be a public process, with the official conducting the election providing at least a five-day public notice of the time and place of the manual tally and of the time and place of the selection of the precincts, batches, or direct recording electronic voting machines subject to the public manual tally prior to conducting the selection and tally.

(e) The official conducting the election shall include a report on the results of the 1 percent manual tally in the certification of the official canvass of the vote. This report shall identify any discrepancies between the machine count and the manual tally and a description of how each of these discrepancies was resolved. In resolving any discrepancy involving a vote recorded by means of a punchcard voting system or by electronic or electromechanical vote tabulating devices, the voter verified paper audit trail shall govern if there is a discrepancy between it and the electronic record.
